PROJECT

NextGen Microcities - Next Generation Micro Cities of Europe

📍 Ventspils & Valmiera, Latvia

TOPIC

Jobs and skills in the local economy

EDIT 20 MARCH 2020  
BY FABIO SGARAGLI,  
UIA EXPERT

## NextGen Microcities Journal 1: First steps for Ventspils and Valmiera

See on UIA website

UIA Expert Fabio Sgaragli reveals how “the ambition of the NextGen Microcities project is to develop a blueprint model for enhancing both the demand and offer side of the labour market by simultaneously acting on multiple system points of the local economy, trying to shift it from an industrial based one to a digital based one.”
