EXPERT

TAST'in FIVES Journal 1: Hear from the project's UIA Expert how it is implementing its bold solution

See on UIA
website

Get to know better what Lille is doing on the topic urban poverty in this UIA Expert journal.

It's been a year since the TAST'in FIVES project has started its implementation and many activities have been carried out. The project has begun to produce knowledge stemming from implementation of its innovative solution. Innovative projects such as this one will come across challenges that will put to the test its implementation. UIA Expert, Melody Houk describes in the project's first journal what has happened since its initiation. Get to know

better what Lille is doing on the topic urban poverty in this UIA Expert journal.
